

To the Customers of TVN Media Sp. z o.o.

Dear Partners,

As promised over six years ago, we have reached another stage of our Sales Policy review. Specifically, the final stage of the review concerned analysis of the full year sales cycle according to our 2019 Sales Policy. The process has been conducted by our independent external auditor.

In addition to the basic sales conditions review of our Client deals, based on their yearly budget declarations, TVN Media conducted also the process of year-end verifications of declarations, together with the analyses of year-end adjustments.

We have introduced clear and transparent prices and discount ranges, in order to ensure fair and healthy market dynamics for all Polish TV ad market participants.

In respect to the above, and to the best of our knowledge and belief, we confirm that in the period from 1 January 2019 to 31 December 2019, transactions covered by the Sales Policy, have in all material respects, been recorded in line with the provisions of the Sales Policy applicable to the pricing of such transactions.

We confirm that we have conducted the process of verification of annual declarations among all of our Clients, and we adjusted Client's conditions for variations as stated in our Sales Policy.

Our compliance with the TVN Media 2019 Pricing Policy has been confirmed by the independent assurance report issued by PricewaterhouseCoopers.

In our opinion the key pillars of 2019 Sales Policy, along with the on-going process of its verification conducted by independent auditor contributed positively to the development of the TV ad market in Poland. We are happy to have observed the beginning of similar approaches and relevant changes by other market players. We would like to confirm that we will continue the process that was started by TVN Media in 2014 in the present year.
